

ANOTHER WONDER.—A correspondent of the National Intelligencer announces the invention of a form of road and improved locomotives, which, he says, will safely transport the mails and passengers at the rate of one hundred miles per hour. The writer further says he has been made acquainted with the details of these improvements, which are so palpably correct in theory, and feasible in practice, that every civil engineer and railroad man will, on examination, at once recognize and admit as the desideratum, even to the extent of safety and speed above indicated. The next Congress, it is said, is to be invited to secure its adoption, and give to the world the result of the first experiment.

At a recent election in Pennsylvania the Dutch Judge in swearing one of the inspectors asked: "Will you swear or affirm?" "Affirm," was the reply. "Hold up your right hand, then; you solemnly swear that you will perform the duties of your office to-day so cool as you can, py Cot?"

Another scientific wonder! Important to Dyspeptics—Dr. J. S. HOUGHTON'S Pepsin. The true Digestive fluid, or Gastric Juice, prepared from the Pancreas, or the fourth stomach of the Ox, a terdirectional of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia. This is truly a wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver complaint, Constipation, and Debility, curing after Nature's own method, by Nature's own Agent, the Gastric Juice. Pamphlets, containing scientific evidence of its value, furnished by agents gratis. See notice among Medical Advertisements.

CHOLIC CURED IN 10 MINUTES.—Dr. W. B. FARRELL—This is to certify that I have used your Liniment in cases of Belly-ache in horses, and have never failed in any case. I use a 25 cent bottle, and about one quart of water. In five or ten minutes after it is taken down, the horse will be relieved from pain. I would use a little more in very desperate cases, although I never failed with a 25 cent bottle. Respectfully yours, H. HENDERSON, Chandler, Will county, Ill. Jan. 10, 1852. See a certificate in this paper.

POMEROY.

To his friends and the Public! HAVING purchased the entire interests of my partners in the Mercantile and Slaughtering business, it becomes proper for me to say to the public that I will continue to offer a general assortment of

For sale at my Brick Store in Plymouth, at uniform prices and as low as I can afford, in all cases for ready pay. Having undertaken the completion of the Plymouth grist Mills, and sold a large amount of goods on time, and believing I have done my share of public improvements, I ask the public to sustain me by patronage, and promise to sell as low as my neighbors—cannot agree to sell any less. I desire to reduce my business to a cash system. All notes and accounts due the late firm of Pomeroy, Houghton & Barber are now due to me. Payment is requested as soon as possible, as my situation is such as to compel me to collect. I have just received New Goods, and shall go east to replenish my stock, and make my arrangements for funds to purchase.

Wheat, Beef Cattle, &c.

I shall soon be prepared to advance money and goods on Produce. I tender my sincere thanks to the public for the liberal amount of trade and business given me heretofore and hope the same will be continued. The people of this county have made me what I am, or when I am grateful, I shall keep a general assortment of

MECHANICS.

Call and price them, and if you find that I do not deal as fair as others, condemn me, but give me a trial first, and I will risk the result. Your old servant, WM. G. POMEROY. April 18, 1853.
